CALZA COOLMAX

COL. 040 verde militare
military green

composition:	80%	20%
	POLYESTER COOLMAX	POLYAMMIDE

size:	S	M	L	XL
	36-38	39-41	42-44	44-46

Coolmax è la fibra ad alta tecnologia creata prevalentemente per quelle persone che praticano seriamente lo sport e sono interessate nel sentire freschezza e secchezza nel calore dell'azione. Coolmax è il risultato di una ricerca delle necessità specifiche degli sportivi. Questa fibra con sezione dei filamenti a quattro canali crea un 20% in più di superficie rispetto alle fibre attuali, allontana l'umidità della pelle ed aiuta ad avere una più rapida evaporazione. Coolmax idrofobo assorbe meno umidità (8 volte meno del nylon). Il risultato è un tessuto leggero, confortevole senza avere sensazione di freddo e umidità.

Coolmax is an high technology fibre developed mainly for sports people interested in feeling fresh and dry during the action. This fibres with 4 channel filament section makes 20% surface more than traditional fibres, takes away the humidity from the skin and helps in having a quickly evaporation. Coolmax hydrophobic absorbs less humidity than polyamide (8 time less). The final results is a light and confortable fabric, without the feeling of humidity and cold.

ART. 71
CALZA SETA INVERNALE

COL. 040 verde militare
military green

composition:	57%	20%	20%	3%
	WOOL	SILK	POLYAMIDE	LYCRA

size:	S	M	L	XL
	36-38	39-41	42-44	44-46

L'elasticità del filo di seta dà al tessuto una particolare resistenza ed il semplice contatto dell'aria gli consente di mantenere la sua freschezza, è anallergica e trattiene il calore del corpo. La finezza delle fibre permette un veloce passaggio dell'umidità all'esterno lascindo il piede asciutto.

The elasticity of silk gives to the fabrics strong resistance. The contact with the air allows to maintain its natural freshness. Silk is also anallergic and keeps the warmth on the body. The finesses of the fibres allows a quick passage of the umidity outside, leaving the foot dry.

ART. 73
CALZA LENPUR CERAMIC

COL. 021 marrone
brown

composition:	65%	20%	10%	5%
	LENPUR (VI)	CERAMIC	POLYAMIDE	ELASTHAN

size:	S	M	L	XL
	36-38	39-41	42-44	44-46

La morbidezza della seta, la mano del cashmere, la freschezza del lino tutto in una fibra naturale derivata dalla corteccia degli alberi. L'alto grado di assorbimento e la capacità di rilascio di umidità conferiscono un'elevata capacità di asciugatura. La sinergia di queste performance permette di ottenere una elevata capacità di termoregolazione corporea.

The softness of silk, the hand of cashmere, the freshness of linen, all in a unique fibre derivate from the hood. The high level of absorption and release of humidity lends an high speed of drying. The sinergy of these perfomance allows to obtain an unbelivable level of body thermoregulation.
